(AS SPECIFIED IN RULE 1-A)

**SPRINT GLOBAL INC.** is a Non-Vessel Operating Common Carrier (NVOCC) licensed by the Federal Maritime Commission (FMC), operating under FMC license number 023547N

### NOTICE TO TARIFF USERS

Carrier has opted to be exempt from tariff publication requirements pursuant to 46 C.F.R. §520 and 532. In that respect Carrier has opted for exclusive use of Negotiated Rate Arrangements ("NRAs"),

NVOCC NRA means the written and binding arrangement between an NRA shipper and eligible NVOCC to provide specific transportation service for a stated cargo quantity, from origin to destination on and after receipt of the cargo by the Carrier or its agent (originating carrier in the case of through Transportation).

Carrier shall issue quotation sheets, booking confirmations, e-mail communications and/or other writings (collectively "the writings") which will constitute an offer by Carrier to Shipper for transportation services pursuant to 46 C.F.R. §520.13 and §532. The terms contained in the writings shall be a valid offer for thirty days from the booking date, unless otherwise rescinded by the Carrier prior to receiving Shipper's cargo. Carrier's or Carrier's agent's receipt of cargo for this shipment constitutes acceptance by Shipper of this offer, and the terms of the NRA shall bind the parties.

All origin and destination local charges apply whether or not included in this Rules Tariff.

Rates may not be modified in an NRA after the time the shipment is received by the Carrier or its agent (including originating carriers in the case of through transportation).

A. SUBSTITUTED SERVICE

This provision shall govern the transfer of cargo by trucking or other means of transportation at the expense of the Ocean Carrier. Intermodal Rates will be shown as single-factor through rates as specified in individual NRA's. 023547-001 SPRINT GLOBAL INC - FMC TARIFF NO: 001 ( BETWEEN US AND WORLD )  
AMMENDMENT NO:  
RULE 2 : APPLICATION OF NRA'S AND CHARGES

Effective: 28DEC2011 Thru: NONE Expires: NONE Publish: 28DEC2011

1. NRA's are stated in terms of U.S. Currency and apply per 1 Cubic Meter (M) or 1,000 Kilos (W), as indicated, whichever basis yields the greater revenue, except as otherwise specified. Where the word "Weight" or the letter "W" appears next to an article or commodity, weight rates are applicable without regard to measurement. Where the word "Measurement" or the letter "M" appears next to an article or commodity, measurement rates are applicable without regard to weight.

NRA's and other charges shall be based on the actual gross weight and/or overall measurement of each piece or package, except as otherwise provided.

NRA's indicated by W/M or WM are optional weight or measurement rates and the rate yielding the greater revenue will be charged.

2. Except as otherwise provided, all "Port" (i.e., Port-to-Port) rules published herein apply from/to places where the common carrier originates or terminates its actual ocean carriage of cargo. Tolls, Wharfage, Cost of Landing, and all other expenses beyond the port terminal area are for account of Owner, Shipper or Consignee of the cargo and all such expenses levied in the first instance against the Carrier will be billed in an equal amount to the Owner, Shipper, or Consignee of the Cargo.

NRA's are applicable from Inland Points which lie beyond port terminal areas. Such NRA's will be shown as single-factor through NRA's.

Such NRA's shall be inclusive of all charges pertinent to the transportation of cargo (including intermediate but not Origin or Destination Terminal Charges) and not including Customs clearance assessments or Forwarding Charges, except as provided.

Alternatively, at shipper's request, carrier will arrange for inland transportation as shipper's agent. All associated costs will be for the account of the cargo. Overland carriers will be utilized on an availability of service basis and not restricted to any preferred Carriers, except as Ocean Carrier deems necessary to guarantee safe and efficient movement of said cargo. (See item 16, re: Advanced Charges.)

Carrier shall not be obligated to transport the goods in any particular type of container or by any particular Vessel, Train, Motor, Barge or Air Carrier, or in time for any particular market or otherwise than with reasonable dispatch. Selection of Water Carriers, Railways, Motor, Barge or Air Carrier used for all or any portion of the transportation of the goods shall be within the sole discretion of the Ocean Carrier.

3. Packages containing articles of more than one description shall be rated on the basis of the NRA provided for the highest rated articles contained therein.

4. NRA's do not include Marine Insurance or Consular fees.

5. Description of commodities shall be uniform on all copies of the Bill of Lading and MUST be in conformity with the validated United States Export Declaration covering the shipment. Carrier must verify the Bill of Lading description with the validated United States Export Declaration. Shipper amendments in the description of the goods will only be accepted if validated by United States Customs.

Trade names are not acceptable commodity descriptions and shippers are required to declare their commodity by its generally accepted generic or common name.

6. Unless otherwise specified, when the NRA's are based on the value of the commodity, such commodity value will be the F.O.B. or F.A.S. value at the port of loading as indicated on the Commercial Invoice, the Custom Entry, the Import/Export Declaration or the Shipper's Certificate of Origin. The F.O.B. value and the F.A.S. value include all expenses up to delivery at the Loading Port.

7. The NRA shown except where predicated on specifically lower values or on an ad valorem basis, are subject to Bill of Lading limit of value.

8. Except as otherwise provided, NRA's apply only to the specific commodity named and cannot be applied to analogous articles.

9. Wherever NRA's are provided for articles named, the same NRA will also be applicable on parts of such articles where so described in the ocean bill of lading, except where specific NRA are provided for such parts.

10. FORCE MAJEURE CLAUSE: "Without prejudice to any rights or privileges of the Carrier's under covering Bills of Lading, dock receipts, or booking contracts or under applicable provisions of law, in the event of war, hostilities, warlike operations, embargoes, blockades, port congestion, strikes or labor disturbances, regulations of any governmental authority pertaining thereto or any other official interferences with commercial intercourse arising from the above conditions and affecting the Carrier's operations, the Carrier reserves the right to cancel any outstanding booking or contract in conformity with Federal Maritime Commission Regulations."

11. When a commodity can properly be carried under more than one tariff item, but which by its nature is clearly influenced by its end use, the freight shall be assessed based on the NRA of the end use commodity, eg: Rubber Gloves, Cotton Gloves, etc. would all be rated under "Gloves, N.O.S." rather than Rubber Goods, Textiles, etc.

The above does not apply in cases where there is a specific NRA for the commodity in question.

12. When two or more NRA's may be applicable to a given shipment and one NRA is more specific than the others, the most specific NRA shall apply. One NRA is more specific than another when it describes the commodity being shipped more explicitly, i.e.: Canned Pineapple is more specific than Canned Fruit or Canned Goods, N.O.S.

An NRA from/to a specific destination is more specific than an NRA to/from a geographic range or zone, (Examples):

An NRA from New York, NY is more specific than an NRA from Atlantic and Gulf Base Ports (AGBP).

An NRA to Yokohama, Japan is more specific than an NRA to Japan Base Ports (JBP).

13. Any Tollage, Wharfage, Handling and/or other charges assessed against the cargo at Ports of Loading/Discharge will be for the account of the cargo. Any Tollage, Wharfage, Handling and/or Charges at Port of Loading in connection with storage, handling and receipt of cargo before loading on the vessel shall be for the account of the cargo.

Any Additional Charges which may be imposed upon the cargo by Governmental Authorities will be for the account of the cargo.

Such charges accepted without carrier's responsibility and full risk is for the party requesting such advance.

- D. Shipper furnished containers will be accepted only at loading ports CY and delivered only at destination CY.

| RULE 2-060 :            | MEASUREMENT AND WEIGHT  |

Effective: 28DEC2011 Thru: NONE Expires: NONE Publish: 28DEC2011

Tariff reference to "W" and "M" signify 1,000 kilos and 1 cubic meter respectively. Whenever freight charges are assessed on a W/M "weight or measurement" basis or where rates are provided on both a "W" and "M" basis, the

freight charges will be computed on the gross weight or the overall measurement of the pieces or packages, whichever computation produces the greater revenue to the Carrier.

1. All packages will be measured in CENTIMETRES and weight in KILOGRAMMES.

2. Rounding off- Dimensions

Where parts of centimeter occur in dimensions, such parts below 0.5 cm. are to be ignored, and those of 0.5 cm. And over are to be rounded off to the centimeter above.

3. Calculating Cubic Measurements

The three dimensions in centimeters (rounded off in accordance with (2)) are to be multiplied together to produce the cube of one package or piece in cubic meters to six decimals.

In case of a single package the decimals are to be rounded off at the second decimal, i.e., if the third decimal is below 5 the second decimal remains unaltered; if the third decimal is 5 or higher the second decimal is to be adjusted upwards.

In the case of multiple packages of like dimensions the cube on one package to six decimals is to be multiplied by the number of packages and the total cube is then to be rounded off to two decimals under the foregoing procedure.

4. OFFICIAL MEASURERS AND WEIGHERS

The straight loaded shipments of consolidator Cargo, stuffed at Carrier's nominated off dock CY locations, does not require measuring/weighing for purposes of confirming volume/weight of cargo. For such shipments, however, there must be a certificate from an officially appointed Sworn Measurer to confirm the exact location at which the shipment was stuffed into the container.

5. MISDESCRIPTION, UNDERWEIGHTS AND UNDERMEASUREMENT

A. The carrier at loading port will assess freight on the shipments on the basis of the gross weights and/or measurements declared or deemed to have been declared by Shippers. Such assessment is subject to the terms and conditions of the carrier's Bill of Lading. Notwithstanding the foregoing. Carrier may arrange at the port/point of destination for the verification of the description, measurement or weights of all such shipments as they, at their sole discretion, may decide and in all such cases the description, measurements or weights so obtained shall be used for determining the correct amount of freight which has to be paid and expense incurred should be for account of cargo.

B. If the gross weights and/or measurements declared by the Shippers are less than those ascertained and if the Shippers, by notification to the Carrier, within seven (7) days of the vessels sailing from port of loading or the consignees, by notification to the Carrier prior to the shipment leaving the custody of the Carrier, maintain that the gross weights and/or measurements stated by them are correct, freight shall be assessed provisionally on the controllers' figures and subsequently adjusted, if necessary, after an outturn reweighing and/or re-measuring. If such outturn reweighing, re-measuring and/or resurveying shows that the gross weights, measurements and/or description were understated and/or misdeclared by the Shippers, re-measuring and/or resurveying shall be for the account of the cargo.

When carrier pays any such fine or penalty and assumes any other cost or burden, arising from such an event, it shall be on behalf of and for benefit of the cargo interest and carrier shall be entitled to full reimbursement therefore upon presentation of an appropriate invoice. Nothing in this rule shall require carrier, its agents or motor/rail carrier to resist, dispute or otherwise oppose the levy of such a fine, penalty or other sanction and carrier shall not have any liability to the cargo interest should it not do so. 2. 4. When two or more commodities for which different ratings are provided, are shipped as a mixed shipment without actual weights being obtainable for the portions shipped under the separate ratings, charges for the entire shipment will be computed at the class or commodity NRA applicable to the highest classed or rated commodity contained in such mixed shipment. Effective: 28DEC2011 Thru: NONE Expires: NONE Publish: 28DEC2011

#### A. SUBMISSION OF CARGO DECLARATION DATA; DEADLINE FOR SAME.

Pursuant to Customs regulations effective December 2, 2002, Carrier is required to submit certain cargo declaration data for all cargo on board a vessel that will call in the United States (i.e., U.S. import cargo and foreign destination cargo remaining on board the vessel) to the U.S. Customs Service not later than 24 hours prior to the time the cargo is loaded on Carrier's vessel at each non-U.S. port of loading. In order to enable Carrier to comply with this requirement, except as provided in paragraph B of this rule, any person tendering cargo to Carrier that is to be transported to the United States or that will be on a vessel when that vessel calls in the United States must provide the following information regarding such cargo to Carrier in writing (including by electronic transmission) in sufficient time for Carrier to transmit the data to the Customs Service at least 24 hours prior to the loading of the cargo on Carrier's vessel. Failure to comply with these requirements will result in cargo not being loaded.

1. A precise description of the cargo (or the 6-digit HTS number under which cargo is classified) and weight of the cargo or, for a sealed container, the shipper's declared description and weight of the cargo. The quantity of cargo shall be expressed in the lowest external packaging unit (e.g., a container containing 10 pallets with 200 cases shall be described as 200 cases). Generic descriptions, including, but not limited to, 'FAK,' 'General Cargo,' 'Chemicals,' 'Foodstuffs,' and terms such as 'Said to Contain' are NOT acceptable descriptions.
2. Shipper's complete name and address, or the identification number issued to the shipper by the U.S. Customs Service upon implementation of the Automated Commercial Environment ('ACE').
3. Complete name and address of the consignee, owner or owner's representative, or its ACE identification number.
4. Internationally recognized hazardous material code when such materials are being shipped.
5. Seal numbers for all seals affixed to the container.

#### B. TIME FOR SUBMISSION OF DATA BY SHIPPERS TO CARRIER.

Except as otherwise provided below, the time for shipper to submit data to Carrier shall be as follows:

1. Shippers who submit their shipping instructions in paper format will be required to submit their shipping instructions to Carrier no later than seventy-two (72) hours prior to vessel arrival at the foreign port of load. This applies to all U.S. destined cargo as well as cargo intended to be transshipped at a U.S. port and cargo that will remain on the vessel for carriage to a non-U.S. port.

#### C. CERTAIN NON-VESSEL OPERATING COMMON CARRIERS.

Non-vessel operating common carriers ('NVOCCs') that are licensed by or registered with the FMC and that have obtained Customs bonds may submit the required inbound cargo declaration data directly to the U.S. Customs Service in accordance with Customs Service regulations and guidelines. For purposes of this provision, an NVOCC is

registered with the FMC if it has been issued an Organization Number by the FMC, has published a valid and effective rules tariff, and has posted the required financial security with the FMC.

1. Certification. Any NVOCC that submits cargo declaration information directly to the Customs Service shall, unless notified by the Carrier pursuant to subparagraph C(1) above that it is not required to do so, in lieu of the information required to be submitted pursuant to paragraph A of this rule, provide the Carrier, not later than the deadline for shipper submission of cargo information under paragraph B of this rule, with a written certification stating that the required inbound cargo declaration data for its cargo has been transmitted to the U.S. Customs Service in a timely and accurate manner. Such certification shall describe the cargo tendered with sufficient specificity (including container number) that Carrier may readily identify such cargo.
2. NVOCC Co-Loading. For purposes of this paragraph, the term 'Master NVOCC' shall mean the NVOCC that is the customer of the Carrier and tenders co-loaded cargo to the Carrier in its name. In the event the Master NVOCC submits cargo declaration data for co-loaded cargo directly to the Customs Service, it shall do so for all NVOCCs with which it co-loads. In the event the Master NVOCC does not submit cargo declaration data for co-loaded cargo directly to the Customs Service but NVOCCs with which it co-loads transmit cargo declaration data for their cargoes directly to the Customs Service, it shall be the obligation of the Master NVOCC to provide Carrier with the certification described in subparagraph C(1) with respect to all co-loaded cargo tendered to Carrier by the Master NVOCC.
3. All NVOCCs shall be subject to Paragraphs D and E of this rule.

#### D. FAILURE TO PROVIDE INFORMATION; DENIAL OF PERMISSION TO LOAD CARGO.

1. In the event Carrier fails to provide the required inbound cargo declaration data to the U.S. Customs Service for all cargo to be loaded on its vessel within the time period required by Customs Service regulations it may, among other things, be assessed a civil penalty, denied permission to unload the cargo for which information was not timely provided, and/or denied permission to unload any cargo from the vessel on which the cargo is moving. Accordingly, Carrier may refuse to load any cargo tendered to it for which it has not received either (i) the data required by paragraph A of this rule by the deadline specified pursuant to paragraph B; or (ii) the certification required by paragraph C of this rule by the deadline specified therein.
2. Any and all costs incurred by Carrier with respect to cargo in its possession which is not loaded due to the non-provision of information or certification, or which is not loaded pursuant to the instructions of the U.S. Customs Service (regardless of whether or not the required data or certification has been provided for such cargo), including but not limited to inspection, storage and/or re-delivery costs, shall be for the account of the cargo. Carrier shall have a lien on cargo in its possession for amounts due hereunder and may hold cargo until such amounts (and any other unpaid freights or charges) are paid or sell such cargo after a reasonable period. In the event Carrier is forced to take legal action to collect amounts due hereunder, Carrier shall be entitled to recover all costs (including reasonable attorneys' fees and expenses) incurred in connection with such legal action.

#### E. INDEMNIFICATION OF CARRIER.

If Carrier is assessed a civil penalty or fine or is denied permission to unload cargo, because of the failure of any and all shippers, consignees, cargo owners, NVOCCs, shippers' associations and their agent(s) to provide the information required by this rule and/or by the regulations or guidelines of the U.S. Customs Service in a complete and accurate manner, then such shippers, consignees, cargo owners, NVOCCs, shippers' associations and their agent(s) shall be jointly and severally liable to indemnify and reimburse Carrier for any such penalty or fine and any and all costs, damages or liability, direct, indirect, special or consequential, incurred by the Carrier as a result of the denial of permission to unload cargo or any delays related thereto. Carrier shall have a lien on cargo in its possession for amounts due hereunder and may hold cargo until such amounts (and any other unpaid freights or charges) are paid or sell such cargo after a reasonable period. In the event Carrier is forced to take legal action to collect amounts due hereunder, Carrier shall be entitled to recover all costs (including attorneys' fees) incurred in connection with such legal action.

F. CONFIDENTIALITY. Carrier acknowledges that the information required by the Customs Service may constitute confidential information that is not generally available to the public. Carrier, in accordance with the requirements of Section 10(b)(13) of the Shipping Act of 1984, as amended, will keep confidential, to the extent permitted by law, all Shipper bill of lading information, including information related to underlying shippers and commodities in respect of containers of less than container load cargo containing shipments by more than one Shipper.

G. DOCUMENTATION CHARGES. See Rule Nos. 2-150 for charges to apply.

In addition to prior notice of food shipments, the new FDA regulations require that U.S. and foreign facilities which are engaged in the manufacturing, processing, packing, or holding of food for consumption in the United States ("subject facilities") register with the FDA.

#### B. Responsibility for Prior Notice and Registration:

It shall be the responsibility of the shipper and/or consignee named in Carrier's bill of lading (hereinafter collectively referred to as the "Cargo Interests"), to ensure that prior notice of any shipment of food (as that term is defined in Paragraph A) imported or offered for import into the U.S. is provided to the FDA in accordance with applicable regulations and that any subject facility (other than a subject facility of Carrier) which has manufactured, processed, packed or held such food shipment has registered with the FDA in accordance with applicable regulations.

#### C. Evidence of Compliance:

With respect to any food shipment for which a prior notice confirmation number ("PN Number") is required to be provided to the Bureau of Customs and Border Protection ("CBP"), FDA, or any other government agency upon arrival, it shall be the responsibility of Cargo Interests to ensure that such PN Number has been provided to the required agencies and other persons prior to vessel arrival. In addition, Cargo Interests shall be required to provide Carrier with the PN Number immediately upon written request of Carrier.

#### D. Failure to Comply:

1. In the event that any food shipment is delayed or refused entry into the United States due to the failure to provide adequate prior notice or the failure of a subject facility to register with the FDA, it is expected that notice of refusal will be provided to Carrier by the FDA and/or CBP. Carrier will use best efforts to promptly transmit the notice received from the authorities to the Cargo Interests, who shall be responsible for transmitting such notice to any other persons with an interest in the cargo. Carrier shall not be liable for any delay in the transmission of, or failure to transmit, such notice or any consequences thereof.

2. In the event that any food shipment is delayed or refused entry into the United States due to the failure to provide adequate prior notice or the failure of a subject facility (other than a subject facility of Carrier) to register with the FDA, or if it is determined that cargo which should have been refused entry has been permitted to enter the United States, then the Cargo Interests shall be jointly and severally liable to indemnify, hold harmless, and reimburse Carrier (and by booking a shipment with Carrier do thereby agree to indemnify, hold harmless and reimburse Carrier) for any and all costs, expenses, liabilities, damages, or losses incurred by the Carrier as a result of such non-compliance

including, but not limited to, costs of complying with orders and directions of FDA and/or CBP, costs for handling and storing cargo, demurrage, subsequent transport of the cargo by any mode of transportation, and fines and penalties. Carrier shall have a lien on cargo in its possession for amounts due hereunder and may hold cargo until such amounts (and any other unpaid freights or charges) are paid or sell such cargo after a reasonable period. In the event Carrier is forced to take legal action to collect amounts due hereunder, or to defend any action resulting from actions or events covered by this indemnification, Carrier shall be entitled to recover all costs (including attorneys' fees) incurred in connection with such legal action. For purposes of this paragraph, the indemnification provided to Carrier shall also extend to its agents, affiliates, contractors, employees, vessel-sharing partners, slot charterers, vessel owners, and insurers.

"Vessel" means the intended Ocean Vessel named on the front hereof and any vessel, craft, lighter or other means of conveyance which is or shall be substituted in whole or in part by the Carrier and also includes any other Vessels onto which Goods may be loaded for the purpose of being transported thereon in furtherance of the carriage covered by this Bill of Lading or any part thereof.

#### 2. CLAUSE PARAMOUNT:

**A. To and From non-United States Ports.** As far as this Bill of Lading covers the Carriage of Goods by sea to and from non-United States ports by the Carrier and any Participating Carrier, the Contract evidenced in this Bill of Lading shall have effect subject to the Hague-Visby Rules, if and as enacted in the country of shipment and any legislation making those Rules compulsorily applicable to this Bill of Lading shall be deemed incorporated herein and made part of this Bill of Lading contract. When no such enactment is in force in the country of shipment, the Hague-Visby Rules will apply. The Hague-Visby Rules shall also govern before the Goods are loaded on and after they are discharged from the

vessel and throughout the entire time the Goods are in the actual custody of the Carrier or Participating Carrier. The Hague-Visby Rules shall also apply to the Carriage of Goods by inland waterways and reference to carriage by sea in such Rules or legislation shall be deemed to include reference to inland waterways.

**B. To or From United States Ports.** If the Carriage called for in this Bill of Lading is a shipment to or from the United States, the liability of the Carrier shall be exclusively determined pursuant to COGSA; the Pomerene Act [49 U.S.C. §80101 et. seq.] for both export and import cargo moving to/from the United States; and Article 7-301 of the Uniform Commercial Code. The provisions cited in the Hague Rules and COGSA shall also govern before the Goods are loaded on and after they are discharged from the Vessel and throughout the entire time the Goods are in the actual custody of the Carrier or Participating Carrier.

**C. Other Applicable Laws.** The Carrier shall be entitled to (and nothing in this Bill of Lading shall operate to deprive or limit such entitlement) the full benefit of, and rights to, all limitation of and exclusions from liability and all rights conferred or authorized by any applicable law, statute or regulation of any country (including, but not limited to, where applicable any provisions or sections 4281 to 4287, inclusive, of the Harter Act of the United States of America and amendments thereto and where applicable any provisions of the laws of the United States of America) and without prejudice to the generality of the foregoing also any law, statute or regulation available to the Owner of the vessel on which the Goods are carried.

**3. LIMITATION OF LIABILITY:** Insofar as loss of or damage to or in connection with the Goods is caused during the part of the custody or carriage, such compensation shall be calculated as follows:

**A.** Where the Hague-Visby Rules apply hereunder by national law by virtue of clause 2, the Carrier's liability shall in no event exceed the amounts provided in the applicable national law.

**B.** Where Carriage includes Carriage to, from or through a port in the United States of America and US COGSA applies by virtue of clauses 2, Carrier shall not in any event be or become liable in an amount exceeding US\$500 per Package or customary freight unit.

**C.** Where the British International Freight Association (BIFA) rules apply by virtue of clauses 2, Carrier's compensation shall not exceed the limitation of liability of 2 SDR per kilo of the gross weight of any Goods lost or damaged by reference to the invoice value of the Goods plus Freight and insurance if paid. If there is no invoice value of the Goods or if any such invoice is not bona fide, such compensation shall be calculated by reference to the value of such Goods at the place and time they are delivered or should have been delivered to the Merchant. The value of the Goods shall be fixed according to the current market price, by reference to the normal value of goods of the same kind and/or quality.

IF NO LIMITATION AMOUNT IS APPLICABLE UNDER ANY OF THE ABOVE RULES OR LEGISLATION, THE LIMITATION SHALL BE US\$500 PER PACKAGE OR CUSTOMARY FREIGHT UNIT.

#### **4. CARRIER'S RESPONSIBILITY:**

**A. PORT TO PORT SHIPMENT:** Except as otherwise provided herein, the Carrier's responsibility for Goods shall commence at the time when such Goods are received by the Carrier at the Port of Loading and shall terminate when such Goods are delivered by or on behalf of the Carrier at the intended Port of Discharge. Notwithstanding the above where the Space(s) entitled "Place of Receipt" and/or "Place of Delivery" on the face hereof are completed, the contract contained in or evidenced by this Bill of Lading is for through transportation from and/or to the place(s) so named and the Carrier's responsibility shall then commence at the time when the Goods are delivered at the Place of Delivery so named (if any) and/or terminate when the Goods are delivered at the Place of Delivery so named (if any). The Merchant constitutes the Carrier as agent to enter into contracts on behalf of the Merchant with other for transport, storage, handling or any other services in respect of the Goods prior to loading and subsequent to discharge of the Goods from the vessel without responsibility for any act or omission whatsoever on the part of the Carrier or others and the Carrier may as such agent, enter into contracts with other on any terms whatsoever including terms less favorable than the terms in this Bill of Lading.

**B. COMBINED TRANSPORT:** Except as otherwise provided in this Bill of Lading, the Carrier shall be liable for loss of or damage to the Goods occurring from the time that the Goods are taken into his charge until the time of delivery to the extent set out below:

(1) Where the stage of Carriage where the loss or damage occurred cannot be proved: (I) The Carrier shall be entitled to rely upon all exclusions of liability under the rules or legislation that would have applied under 5(A)(a) above had the loss or damage occurred at sea or, if there was no carriage by sea, under the Hague Rules (or COGSA).

(II) Where under (1) above, the Carrier is not liable in respect of some of the factors causing the loss or damage, it shall only be liable to the extent that those factors for which it is liable have contributed to the loss or damage.

(III) Where the Hague Rules (or any legislation applying such rules or Hague-Visby Rules such as COGSA) is not compulsorily applicable the Carrier's liability shall not exceed US \$2.00 per kilo of the gross weight of the Goods lost, damaged or in respect of which the claim arises or the value of such Goods, whichever is the lesser.

(IV) The value of the Goods shall be determined according to the commodity exchange price at the place and time of delivery to the Merchant or at the place and time when they should have been so delivered, or, if there is no such price, according to the current market price by reference to the normal value of the Goods of the same kind and quality, at such place and time.

(2) Where the stage of Carriage where the loss or damage occurred can be proved:

(I) The liability of the Carrier shall be determined by the provisions contained in any international convention of national law of the country which provisions,

(II) cannot be departed from by private contract to the detriment of the Merchant (III) would have applied if the Merchant had made a separate and direct contract with the Carrier in respect of the particular stage of Carriage where the loss or damage occurred and had received as evidence thereof any particular document must be issued in order to make such international convention or national law applicable, and,

(IV) where neither (I) or (II) above shall apply any liability of the Carrier shall be determined by 5(C)(a) above.

**C. DELAY, CONSEQUENTIAL LOSS:** Except as otherwise provided herein, the Carrier shall in no circumstances be liable for direct, indirect or consequential loss or damage by delay or any other cause whatsoever and howsoever caused. Without prejudice to the foregoing, if the Carrier is found liable for delay, liability shall be limited to the freight applicable to the relevant stage of the transport.

**D. AD VALOREM DECLARED VALUE OF PACKAGES OR SHIPPING UNIT:** The Carrier's liability may be increased to higher value by a declaration in writing of the value of the Goods by the Merchant upon delivery to the Carrier of the Goods for shipment. Such higher value being inserted on the front of this Bill of Lading in the space

provided for and, if required by the Carrier, extra freight paid in such case. If the actual value of the Goods shall exceed such declared value, the value shall nevertheless be deemed to be the declared value and the Carrier's liability, if any, shall not exceed the declared value and any partial loss or damage shall be adjusted pro rata on the basis of such declared value.

**E. RUST, ETC:** It is agreed that superficial rust, oxidation or any like condition due to moisture is not a condition of damage but is inherent to the nature of the Goods and acknowledgement of receipt of the Goods in apparent good order and condition is not a representation that such conditions of rust, oxidation or the like did not exist on receipt.

**F. NOTICE OF LOSS OR DAMAGE:** The Carrier shall be deemed prima facie to have delivered the Goods as described in this Bill of Lading unless notice of loss or damage to the Goods indicating the general nature of such loss or damage shall have been given in writing to the Carrier or to his representative at the place of delivery before or at the time of removal of the Goods into the custody of the person entitled to delivery thereof under this Bill of Lading or, if the loss or damage is not apparent within three consecutive days thereafter.

**5. REFRIGERATED CARGO:** Goods of a perishable nature shall be carried in ordinary containers without special protection, services or other measures unless there is noted on the reverse side of this Bill of Lading that the goods will be carried in a refrigerated, heated, electrically ventilated or otherwise specially equipped container or are to receive special attention in any way. Carrier shall not be liable for any loss of or damage to Goods in a special hold or container arising from latent defects, derangement, breakdown, or stoppage of the refrigeration ventilation or heating machinery, insulation, ship's plant, or other such apparatus of the vessel or Container, provided that Carrier shall before or at the beginning of the Carriage exercise due diligence to maintain the special hold or Container in an efficient state. Merchant undertakes not to tender for transportation any goods which require temperature control without previously giving written notice of their nature and the required temperature setting of the thermostatic controls before receipt of the goods by Carrier. In the case of a temperature controlled Container stuffed by or on behalf of the Merchant, Merchant further undertakes that the Container has been properly pre-cooled, that the Goods have been properly stuffed in the Container, and that its thermostatic controls have been properly set by the Merchant before receipt of the Goods by the Carrier. Merchant's attention is drawn to the fact that refrigerated containers are not designed to freeze down cargo which has not been presented for packing at or below its designated carrying temperature. Carrier shall not be responsible for the consequences of cargo tendered at a higher temperature than that required for the transportation. If the above requirements are not complied with, Carrier shall not be liable for any loss of or damage to the goods whatsoever. .

**6. CARGO STOWED IN CONTAINERS BY MERCHANTS:** The Carrier shall not be responsible for the safe and proper stowing of cargo in containers if such containers are loaded with cargo by Merchant, consolidator or inland carrier, and no responsibility shall attach to the Carrier for any loss or damage caused to contents by shifting, overloading or improper packing of the container. Containers loaded by the Merchant or their agent shall be properly sealed and the seal identification reference, as well as the container reference, shall be shown herein. The merchant, consolidator or inland carrier shall inspect containers before loading them and loading of the containers shall be prima facie evidence that the containers were sound and suitable for use. Carrier has the right but not the obligation to open and inspect the containers at any time without notice to Merchant, and expenses resulting from such inspections shall be borne by Merchant. Merchant warrants that the stowage and seals of the containers are safe and proper and suitable for handling and carriage and indemnifies Carrier for any injury, loss or damage caused by breach of this warranty. The Carrier will not be liable in any event for the particulars furnished by the Merchant as shown on the face of this Bill of Lading. This Bill of Lading is a receipt only for the number of containers, packages or pieces as shown on the face of this Bill of Lading. The Carrier has counted only the number of containers (If container received already loaded) or the number of packages or pieces (if the Carrier has loaded the container) and under no circumstances shall the Bill of Lading be prima facie evidence of the marks, quantity, weight, description, measurement and other particulars furnished by the Merchant. Delivery shall be deemed as full and complete performance when the containers are delivered by Carrier with the seals intact.

The Merchant shall defend, indemnify and hold harmless the Carrier against any loss, damage, claim, liability, or expense whatsoever arising from one or more of the following matters: loss or damage caused by the manner in which the Container has been stuffed; loss or damage caused by the unsuitability of the Goods for Carriage in Containers; loss or damage caused by the unsuitability or defective conditions of the Container, provided that where the Container has been supplied by or on behalf of the Carrier, this paragraph shall only apply if the unsuitability or defective condition would have been apparent upon reasonable inspection by the Merchant at or prior to the time when the Container

was stuffed; and loss or damage if the Container is not sealed at the commencement of the Carriage except where the Carrier has agreed to seal the Container.

#### **7. OPTIONS OF THE CARRIER:**

**A. Subcontracting:** The Carrier shall be entitled to subcontract on any terms the whole or any part of the handling, storage or carriage of the Goods and any and all duties whatsoever undertaken by the Carrier in relation to the Goods. The Merchant shall defend, indemnify and hold harmless the Carrier against any claims, which may be made upon the Carrier by any servant, agent or subcontractor of the Carrier in relation to the claim against any such person made by

the Merchant. The provisions of COGSA or its applicable foreign equivalent at point of origin or destination shall apply by agreement of the parties to all agents, contractors, and subcontractors, including but not limited to, draymen, truckers, and stevedores, prior to the loading of and after the unloading of the cargo. Without prejudice to the foregoing, every such servant, agent and subcontractor shall be entitled to the same rights, exceptions, exemptions, defenses, immunities, limitations of liability, privileges and conditions granted or provided by this Bill of Lading, tariff or statute, including but not limited to the provisions of COGSA or its applicable foreign equivalent, to which Carrier is entitled and for the benefit of the Carrier as if such provisions were expressly for their benefit, and in entering into this contract the Carrier, to the extent of these provisions, does so not only on his Own behalf but also as agent and trustee for such servants, agents and subcontractors. The above shall also apply to and for the benefit of the officers and employees of the Carrier and the agents, officers and crew of the vessel and to and for the benefit of all parties performing services in connection with the Goods as agents or contractors of the Carrier (including, without limitation, stevedores, terminal operators, and agents) and the employees of each of them. By entering into this contract, the Carrier, to the extent of these provisions, does so not only on his own behalf, but also as agent or trustee for such Persons and vessels, and such Persons and vessels shall to this extent be deemed parties to this contract.

**B. Route and Tran-shipment:** The Carrier may at anytime and without notice to the Merchant, use any means of transport or storage in any reasonable manner and by any reasonable means, methods and routes, including but not limited to, inland carriage by truck, rail and/or air; load or carry the Goods on any vessel, whether named on the front hereof or not; transfer the Goods from one conveyance to another, including transshipping or carrying the same on another vessel than that named on the front hereof or by any other means of transport whatsoever; at any place unpack and remove Goods which have been stuffed in or on a Container and forward the same in any manner whatsoever; proceed at any speed and by any route in Carrier's discretion (whether or not the nearest, direct, customary, advertised, or published route) and proceed to or stay at any place whatsoever once or more often and in any order; load or unload the Goods from any conveyance at any place (whether or not the place is a port named on the front hereof as the intended Port of Loading or intended Port of Discharge); comply with any orders or recommendations given by any government, authority, or any Person or body acting or purporting to act as or on behalf of such government or authority, or having under the terms of the insurance on the conveyance employed by the Carrier, the right to give orders or directions; permit the vessel to proceed with or without pilots, save or attempt to save life or property, adjust navigational instruments, make trial trips, go to repair yards, shift berths, take in fuel or stores, embark or disembark any persons to tow or be towed, or to be dry-docked; permit the vessel to carry livestock, Goods of all kinds, dangerous or otherwise, contraband, explosives, munitions or warlike stores, and sail armed or unarmed. These liberties may be invoked by the Carrier (without notice to the Merchant), either with or without the goods on board, for any purposes whatsoever, whether or not connected with the Carriage of the Goods. Any act involving delays resulting from such activities shall not be deemed a deviation of whatsoever nature or degree.

#### **C. Conditions affecting Performance:**

(1) Carrier shall use reasonable endeavors to complete transport and to deliver the goods at the place designated for delivery. If at any time the performance of this contract as evidenced by this Bill of Lading in the opinion of Carrier is or will be affected by any hindrance, risk, delay, injury, difficulty or disadvantage of any kind including strike and if by virtue of the above it has rendered or is likely to render it in any way unsafe, impracticable, unlawful, or against the interest of Carrier to complete the performance of the contract, Carrier, whether or not the transport is commenced, may without notice to Merchant elect to:

i. treat the performance of this contract as terminated, abandon the Carriage of the Goods and place the goods, or any part of them, at Merchant's disposal at any place which the Carrier shall deem safe and convenient, whereupon the responsibility of the Carrier in respect of such Goods shall cease; or

ii. continue the Carriage and deliver the goods at the place of delivery. In any event, Carrier shall be entitled to full freight for any goods received for transportation and additional compensation for extra costs resulting from the circumstances referred to above.

(2) If, after storage, discharge, or any actions taken above, Carrier makes arrangements to store and/or forward the goods, it is agreed that he shall do so only as agent for and at the sole risk and expense of Merchant without any liability whatsoever in respect of such agency. Merchant shall reimburse Carrier forthwith upon demand for all extra freight charges and expenses incurred for any actions taken according to sub-part 7C(1), including delay or expense to the Ship, and Carrier shall have a lien upon the goods to that extent.

(3) The situations referred to in sub-part 7C(1) above shall include, but shall not be limited to, those caused by the existence or apprehension of war declared or undeclared, hostilities, riots, civil commotions, or other disturbances, closure of, obstacle in, or danger to any port or canal, blockade, prohibition, or restriction on commerce or trading quarantine, sanitary, or other similar regulations or restrictions, strikes, lockouts or other labor troubles whether partial or general and whether or not involving employees of Carrier or its Subcontractors, congestion of port, wharf, sea terminal, or similar place, shortage, absence or obstacles of labor or facilities for loading, discharge, delivery, or other handling of the goods, epidemics or diseases, bad weather, shallow water, ice, landslip, or other obstacles in navigation or carriage.

(4) Carrier, in addition to all other liberties provided for in this Article, shall have liberty to comply with orders, directions, regulations or suggestions as to navigation or the carriage or handling of the goods or the ship howsoever given, by any actual or purported government or public authority, or by any committee or person having under the terms of any insurance on the Ship, the right to give such order, direction, regulation, or suggestion. If by reason of and/or in compliance with any such order, direction, regulation, or suggestion, anything is done or is not done the same shall be deemed to be included within the contractual carriage and shall not be a deviation.

**D. Variation of the Contract:** Only Carrier's officers, directors, or agents with actual authority shall have power to waive, vary, alter, or modify any terms herein. Any changes must be agreed upon in writing by Carrier and Merchant.

**E. Stowage in Containers:** Where the goods are not received by Carrier already in containers or the Carrier is instructed to provide a Container, in the absence of a written request to the contrary, the Carrier is not under an obligation to provide a Container of any particular type or quality. Goods may be stuffed by the Carrier and may be stuffed with other Goods. Merchant shall be liable to Carrier for damage to Carrier's containers or equipment if such damage occurs while such equipment is in control of Merchant or his agents. Merchant indemnifies Carrier for any damage or injury to persons or property caused by Carrier's containers or equipment during handling by or when in possession or control of Merchant.

**F. On Deck Storage:** Containers, whether goods therein be stowed by the Carrier or by the Merchant, and unit load machinery not containerized may be carried on or under deck without notice to the Merchants and if they are so carried, COGSA or the Hague Rules incorporated herein shall be applicable notwithstanding carriage on or under deck and the Goods and/or containers shall contribute in General Average whether carried on or under deck.

**G. Inspection of Goods:** Upon cause, the Carrier or any person authorized by the Carrier shall be entitled, but under no obligation, to open and inspect the Goods in any Container or package at any time.

**8.
